

A Joint Venture of Park Place Surgical Hospital & Our Lady of Lourdes Regional Medical Center

POSITION DESCRIPTION/PERFORMANCE STANDARDS

POSITION: Central Sterile Technologist

DEPARTMENT: Central Sterile

Position Purpose

The Central Sterile Technologist is responsible for providing the proper maintenance, cleaning, reprocessing, storage and replacement of all instruments used for surgical services. The Central Sterile Technologist is responsible for assisting with the preparation of all surgical cases by assuring the instruments are available at the appropriate time. All services are provided in a professional manner and with respect for the dignity of the patient unrestricted by consideration of social or economic status, personal attributes or nature of health problems. Adherence to policies of all regulatory bodies is expected.

POSITION REQUIREMENTS

Education: High School graduate or hold equivalent certificate.

Licenses and/or Certification: Experience preferred.

WORKING RELATIONSHIPS

Position Reports to: Operating Room Manager

Interpersonal Relationships: As a representative of Park Place Surgical Hospital, all comments, attitudes and behavior have a direct effect on the facility's image and perceptions of quality service. Interaction with patients, families, physicians, co-workers, vendors, etc. must be in a manner that is friendly, supportive, courteous, respectful, cooperative and professional. The behavior should promote an atmosphere of teamwork, which is congruent with facility standards and guidelines to promote positive relations. In order to prevent fraud and abuse of Federal and/or State statutes, all duties and actions will be performed within the organizational Corporate Compliance Plan and the Code of Ethics.

Physical Demands: Walking, lifting and moving instruments and instrument sets of various weights. Good visual acuity to read and view condition of instruments.
